

Allegedly Posing In The Nude

Photo Session Ends In County Jail

Charges of indecent conduct, one of several offenses defined under Texas' disorderly conduct statute, were filed Monday against 14 Amarillo men who allegedly took their clothes off in a field in southeast Amarillo.

A witness said the men hauled a piece of sculpture into the field and were posing with the sculpture for photographs.

Charged and released on \$200 each were:

David Stanford Cole, 18, of 1104 Western; Larry Dean Thompson, 19, of 1408 Harrison; Bobby James Bird, 18, of 2712 W. 7th; Gaylon Dan Gillem, 19, of 2110 N. Seminole; Robert Douglas Mauney, 21, of 1506 Jackson; Adrian Vincent Manning, 18, of 3605 Hancock;

John Alfred Hathcock, 21, of 1506 Jackson; Thomas Clark Hicks Jr., 42, of 4119 Harrison; Jimmy Earl Mixon, 19, of 1309 E. Central; Jeffrey Randolph Watson, 21, of 1722 Jackson; Lewis Howard Fox, 27, of 3202 Tyler; Douglas William Garrett, 29, of 2104 VanBuren; and George Hollis Treadway, 20, of 1408 Harrison.

Gerald Lee Shipp, 19, of 1309 E. Central, was arrested and charged with the others, but remained in jail for investigation of probation violation.

Persons convicted for the first time under the disorderly conduct statute are subject to a fine of up to \$200.

A witness to the alleged disturbances said he was working in

his barn when the group came by in a truck and said they wanted to go out in the field and photograph the piece of sculpture.

The witness said the sculpture "looked like a half moon to me. It was orange and made of metal."

He said the sculpture was about 14 to 16 feet long and tapered from one end, which was possibly 18 inches in diameter to a point at the opposite end.

"They said they wanted to get some pictures of it and the ground and the sky," the witness said.

He said he went on about his work until his children came and told him the people were taking their clothes off.

"I went to look and they were

all just sitting around in the nude. They weren't doing anything but taking pictures," he said.

The witness said that after the police were called, another couple came and picked up a girl who was with the group in the field. He said the couple and the girl left before police arrived.

"The kids told me that the girl was the first one to take her clothes off, but I never did see her with them off," the witness said.

Listed among the state's witnesses in the case are one man, two women and six children ranging in age from eight to 13.

Bonds for the accused were set by W. W. Hancock.

Governor To Visit City

Governor Preston Smith will visit Canyon Nov. 17.

The governor will speak before a joint meeting of Canyon civic clubs at noon on that date in the east cafeteria at West Texas State University.

Smith will arrive at Tradewind Airport about 10:30 and will be met by a delegation from Canyon. He will arrive on the WTSU campus at about 11:30 and spend a half hour visiting.

He will speak to the group and depart immediately for Spearman where he is to dedicate an \$8,000,000 feed lot that afternoon.

While in the area the governor will also dedicate several buildings on the Amarillo College campus and meet with Amarillo business and civic leaders.

Dist. Atty. May Step Down

Randall County Criminal District Attorney George Dowlen Wednesday said he may not seek re-election but may run instead for state legislature.

Dowlen said he may seek the 175th Legislative District seat presently held by Tom Christian of Claude.

The district attorney said he has had some indication that the Republican incumbent might run for the state senate. Christian could not be reached for comment Wednesday.

Dowlen ran for his present office as a Democrat.

"I haven't made up my mind yet as to what I'll do," Dowlen

said as he was questioned as to his intentions. "I might even run for another office."

It was at this point that Dowlen indicated he may seek the seat in the legislature.

"I still have three months to decide," the DA went on.

Dowlen said he has been approached by a number of people to run for the legislature. He said he has not yet drawn support from outside of Randall County.

The district attorney declined to say who or what group is trying to persuade him to run for the legislature.

"People began approaching

me about six months ago," Dowlen declared.

Dowlen was appointed by Randall County commissioners court in 1962 to fill out the unexpired term of the late Criminal District Attorney T. G. Hull. He was elected to the office in the general election of 1964 and again in 1966. His present term of office expires in 1970.

Dowlen is a native of Canyon. He was graduated from Canyon High School in 1952 and attended West Texas State University and the University of Texas.

He was graduated from the

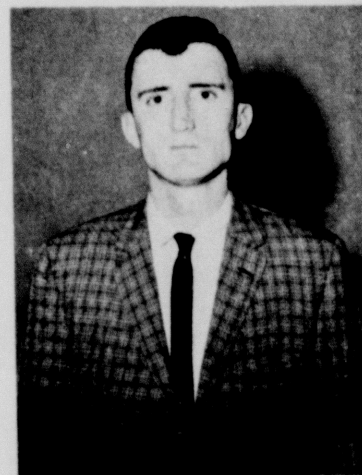

University of Texas School of Law in 1960 and went into the service in February of 1961 serving as an enlisted man.

At the end of active service, he became attorney for the city of Amarillo. In the armed forces reserves he held the rank of captain.

Dowlen is the son of Randall County Commissioner and Mrs. Glenn Dowlen. His mother has taught in Canyon School System for a number of years.

Dowlen is a bachelor and is 35 years old.

He lives in the southern part of Randall County.

Homecoming Under Way

West Texas State University opens its series of Homecoming events today with an 11 a.m. assembly in the Fieldhouse to name the 1969 Homecoming Queen.

Classes will not be held and all offices and activities will be closed for the assembly, the only one during the year for which all other campus activities cease.

Vying for the Homecoming Queen position are Misses Karlyn Lott of Amarillo, Sue Lust of Dimmitt, Sherry Boyd of Vernon, Patti Ragsdale of Hereford, Carol Cutbirth of Snyder and Brenda McAllister of Rochester, Ind.

The new queen will be crowned during halftime activities of

the WTSU-New Mexico State football game. The game, to begin at 1:50 p.m. Saturday, will be telecast over a regional network of ABC, the first home game of the Buffs ever telecast over a network of stations.

Before the game Saturday, official Homecoming activities will be kicked off with the annual parade to start down Canyon's 4th Avenue at 10 a.m.

Composed of nine area bands and approximately 20 university-sponsored floats, the parade will begin at 14th and 4th Avenue and travel down 4th to 24th.

Using the University's 60th anniversary as its theme, the parade will feature bands from

WTSU, Caprock High School of Amarillo, Dalhart, Lefors, Olton, Perryton, Sanford-Fritch, Bovina and Canyon.

The parade, to begin at 14th and 4th Avenue and travel down 4th to 24th, will also include floats by the University's sororities and fraternities and many campus organizations.

Slim Johnston, Randall County sheriff, will serve as Parade Marshall.

Also participating in the parade will be the WTSU Color Guard, Sam Houston Rifle Team, Angel Corps and several area riding clubs.

University President James P. Cornette's party, the Ex-Students Association, Boys Ranch and University cheer-

leaders will have cars in the parade.

Following the parade, barbeque will be served in the West Cafeteria of the Student Union Building at 11:45 a.m. Cost of the meal is \$1.25 per person.

One of the most prestigious banquets in the history of the university will be held at 7:30 p.m. Friday in the Buffalo Fieldhouse.

Commemorating West Texas State's 60th anniversary, the banquet is dedicated to the members of the class of 1914-20, who are observing their 50th anniversary and the members of the class of 1944-45, who are celebrating their 25th anniversary.

Eight guest speakers, delivering brief speeches relative to the anniversary, will be Dr. James P. Cornette, university president; Troy Burrus, president of the board of directors of the ex-Students Association; Cloyce Box, temporary chairman of the Board of Regents; and Grady Hazlewood, Texas senator from the 31st senatorial district.

Also speaking will be Ralph Wayne, Plainview representative from the 78th legislative district; Gary Cook, president of the WTSU student body; Judge Carl Periman, chairman of the Committee of 67; and the chairman of the Faculty Advisory Council, who has not been selected.

Master of ceremonies for the banquet will be Bob Watson, general manager of KGNC in Amarillo.

Climaxing the Homecoming celebration will be the Buffalo

football game with New Mexico State at 1:50 p.m. in Buffalo Bowl. The game will be telecast over a regional network of ABC, the first home game of the Buffs ever telecast over a network of stations.

WTSU's Homecoming Queen will be crowned during halftime activities.

Planning Commission Organizes

Canyon and Randall County officials were named to various committees and positions Monday on the Panhandle Regional Planning Commission.

Randall County Judge Carroll Brown was named assistant chairman of the PRPC.

Other officers--elected by acclamation--include R. G. Mills, Amarillo city commissioner, as chairman, Leland Nelson, assistant city manager for Amarillo as secretary, and Amarillo City Manager John Stiff as treasurer.

Stiff and Nelson were named to the posts after the PRPC members--which include representatives from Randall and Potter counties, Amarillo and Canyon--decided the secretary and treasurer positions need not be filled by members of the planning body.

Nelson, who along with several other PRPC members, attended a regional planning conference in Austin recently, reported to the commission on

Food Distribution Program Vetoed By County Court

A commodity distribution program for needy families was turned down Monday by Randall County Commissioners, who contended that not enough needy families live in the county to justify the program.

Wayne Kuykendall of the state welfare department appeared before the commissioner's court to present the program.

The commodity distribution program is handled under the auspices of the federal Department of Agriculture, Under the program, the county must purchase a certain amount of the commodities, store the foods and distribute them to needy families.

Those eligible to receive the commodities include the unemployed and low-income groups, families of migrant workers, and other families whose members are receiving Social Security benefits or grants under public welfare.

Judge Carroll Brown pointed out to Kuykendall that Randall County already has a locally-controlled welfare system

whereby the county purchases groceries for needy families.

Speaking of the needy families in the county, Judge Brown said "since the first of the year, we have spent \$270 on them all."

He said about six needy families have applied for county assistance.

Kuykendall said based on a government formula, about 700 persons in the county could use the commodities. He said, however, the formula could be wrong for this county.

"We haven't turned down anybody who was hungry," the judge said. "I've had about three or four inquiries about commodities, but some things indicate that people not now receiving them want to stay where they can get some more assistance."

"Probably, we'd get some more, if we had more to give them."

Upon questioning by Commissioner Clarence Beckman, Kuykendall said someone would have to be hired to interview needy families and distribute the commodities, that a central distribution center would have to be made available and that transportation from the commodities storage point in Amarillo to Canyon would need to be taken care of.

"As I said, I have an estimate based on statistics from the public welfare office that between 700 and 800 individuals in Randall County need commodities," Kuykendall said.

"In Randall County?" asked Judge Brown. "I'd be hearing from some of them."

Kuykendall said the commodities program would cost the county between \$600 and \$700

Banker Scores Superintendent

A local banker scored the superintendent of Canyon's schools Tuesday for not implementing thrift measures in his office to set an example for other school employees.

"We're in a position where there's not enough money to complete our junior high building. What are we doing to implement thrift?" Bill Adams, president of the First National Bank, asked the Canyon School Board.

"Are you constantly making people aware that you're trying to save money?" Board President J.O. Parker replied. "I think we have, Bill."

"I don't see anything in the budget which is very outstanding," Adams said. "Has the administration sent directives down to all people to economize?"

"We've discussed this quite at length," Supt. Jerry Jacobs

said.

"Well, what about travel?" Adams asked. "Your (Jacobs') travel is over the amount, I see."

Adams then asked Jacobs how many, how far, what for and how often his travel expenses were incurred. He indicated that the travel expenses were not being handled economically.

"I think economy begins at home," Adams said. "The superintendent's habits should be examples to others. As he goes, so go other expenses."

Adams also questioned Jacobs on the way travel expenses are itemized and Jacobs replied that most travel he does is on a per diem basis.

"I want to see Mr. Jacobs get any money he's got coming to him, but I hate to see anything this loose," Adams said. "I suggest we buy him a car

Po James Could Spell Difference In Buff Tilt

The oldest rival on West Texas State University's present football schedule is New Mexico State and when the teams meet at 1:50 p.m. Saturday in Buffalo Bowl a pair of players will tell the story of the series with their ages.

John Notaro, the Buffaloes' right defensive guard, is 27 years of age, while New Mexico State's right offensive guard Don Abbott is 31.

Both Notaro and Abbott are service veterans. But they won't be lined up across from each other. Abbott started the season as the Aggies' left guard, which would have placed him directly across from Notaro. Several weeks ago he was moved to the right side of the Aggie line.

West Texas holds a 15-16-1 edge over New Mexico State, but the teams have exchanged wins in their last four outings. The Buffs took a 23-14 win last fall and the Aggies won, 31-10

in 1967. The Buffaloes edged New Mexico State, 17-15, in 1966, but fell 10-2 in 1965.

The Aggies are paced by Ron "Po" James, one of the nation's leading runners. The 195-pound sophomore has 489 yards on 122 carries through five games. He also leads his club in kickoff returns with an average of 29.8 yards and in scoring with 31 points.

Olan Thompson and Duane Thomas share the bulk of the Buffalo ground attack. Thompson has 339 yards in five games and Thomas has totaled 338 yards.

West Texas State's passing game is led by quarterback Clarence Redick. The former Odessa Ector all-stater has hit on 39 of 78 passes for 587 yards and three touchdowns.

A pair of quarterbacks have shared New Mexico State's passing duties. Rhett Putman has connected on 16 of 36 passes for 274 yards, while Woody Deckard has 19 completions in 60 attempts for 269 yards. Each passer has thrown for one touchdown.

The game will also mark the return to action for Joe Kerbel Jr. to the Buffalo squad. The 210-pound son of the head West Texas State coach started at center last fall, but decided not to play this year in order to spend more time on his studies. He plans to attend dental school.

Young Kerbel will back up the present centers, Jerry Cryer and Sid Goff. Cryer has been slowed by a leg injury and Goff has played some at tackle during the first five games.

The Aggies will bring a 3-2 record into Saturday's game, while the Buffs have a 2-3

FROM THE CANYON RIM

A film on the infamous Black Panthers was to have been shown at the Student Union Building on the West Texas State University campus Tuesday night.

It was delayed because some members of the panel which had been chosen to discuss the film were unable to attend the show.

The film was rescheduled for early December. Those who have seen it say the film shows a Black Panther meeting in progress.

The Black Panthers is a militant and often violent organization made up principally of Negroes.

I hope that when the film is shown and subjected to panel comment that members of the panel will be chosen for their knowledge of the subject and that the pro and con sides will be well balanced.

Headlines Tuesday: "450 Thousand Japanese Riot."

They were rioting over American control of Okinawa. The caves of Okinawa are stained with American blood. As long as we need it for America's defense we should keep it, Japanese riots notwithstanding.

Published reports say something like a half million turned out for the moratorium day observance Wednesday of last week.

This may seem like a lot of people on the surface but when you consider that this figure is less than a quarter of one percent of the people living in this country, it is hardly enough to make a President elected by 31,000,000 of his fellow Americans quake in fear of being brought down.

The black arm banders say America obviously cannot win a military victory in Vietnam. The Ho worshippers such as Senators Fulbright, McGovern, McCarthy et al heap praises on Uncle Ho as a nationalistic patriot who spent his life in dedication to his country.

They admiringly point out that as an old man on the brink of death Ho fought one of the greatest military powers in history to a standstill.

What they do not point out is that we committed ourselves to a land war when we possess unlimited power both in the air and on the seas and have imposed impossible restraints upon those whom we sent into battle.

on October 15th. As for Mr. Jacobs' statements that peralties were planned and scheduled, so was the Moratorium. It was planned in early spring.

Although I attended the fine movie, I did not wear an arm band. But at least WT students were given a chance to display their sentiments peaceably. I would like to take this chance to commend those CHS students who were courageous enough to be sent home for their convictions on M-Day, pro or con.

Thank you.

Rotary District Governor To Visit

District Governor Charles L. Reynolds of Childress will pay an official visit to members of the Canyon Rotary Club Monday and Tuesday.

Four Appointed To Study Needs

A study committee has been appointed by the church board of the First Christian Church of Canyon to study the needs of the congregation in relation to building needs, the possibility of a new church or updating the old.

Charles Gerald is chairman of the study committee. Other members are Louis Hinders, Mrs. Marion Higdon, Roy Cheatham and Mrs. Frances Foster. Ex-officio members of the committee are W. A. Miller, chairman of the church board, and Rev. Ivan Adams, church pastor.

Reynolds, who is a District Judge in Childress, will be guest Monday evening for a salad supper at the American Legion Hall. His wife and wives of local club members will also be guests for the occasion as each Rotary member is requested to furnish either a salad or dessert for the occasion.

After the meal, the wives and Rotary Anns will be invited to an informal get-together at the home of Rotary Club president, Ray Lumry, 505 Taylor Lane.

Meanwhile the Rotarians will have a club assembly at the First National Bank Building where members of the board of directors, officers and committee chairmen for the local club will make annual reports to the District Rotary Governor.

Tuesday the Rotary Club will be given an official address by the Rotary District Governor at the regular weekly noon meeting for the club in the American Legion Hall.

Our World

locks and bars, and burglar alarms?

Even in the "good, clean country" a farmer doesn't dare leave his tractor in the field; being robbed of fuel is the least damaging thing that is likely to happen to it. And many rural homes, which have been traditionally unlocked for generations, now have barred doors.

It is pretty obvious that God's crowning creation, the most intelligent, rational creature on earth, has fouled up the works. But why?

There are three apparent reasons: 1. Man sees what he wants to see. 2. Man hears what he wants to hear. 3. And man believes what he wants to believe—regardless of the truth. But the world sneers with Pilate, "What is truth?"

Knowing the nature of His creatures, the Creator of the Universe gave a criterion for conduct. It might be profitable for men who do not believe the Bible to search it for untruths. For instance it says "Whatsoever a man sows, that shall he also reap." Has anyone ever sowed wheat and reaped corn, or gathered grapes of thistles?

But rather than follow the divine criterion for his conduct, so that life can be happy in this beautiful world, man seems determined to flout the rules. God said the shame of man's nakedness should not be seen. And He condemned homosexuality as the most heinous of sins.

Yet nakedness is the "in" thing now (even Rice University depicts its leading male and female students in the nude in their 1969 yearbook). And homosexuality is glorified on stage and screen, and printed page, and popularized in "clubs" throughout the country.

Why all the righteous indignation when a high-school superintendent, a counselor, a medical doctor, and several other prominent, "respectable" men are charged with homosexuality? If it is all right on stage and screen, and magazine, what's wrong with it in our schools?

Several U. S. Senators, a Supreme Court Justice, and the Secretary of the Interior put their stamp of approval on Playboy magazine by contributing to its pages. Does this not lend "respectability" to lust and lewdness?

When you add to this fact that those soldiers are dying for a good cause, that of preserving democracy, while the victim of alcohol related auto accidents is such a useless death it is even harder to understand the silence here.

Mental illness is the terminology applied to the person who is disturbed to the extent that he cannot make proper judgements and act accordingly. Satan also makes it his business to transform himself "into an angel of light" and goes about "seeking whom he may devour" deceiving if possible, the very elect. It seems to me this all adds up to one thing, ours is truly a mixed-up and misled society.

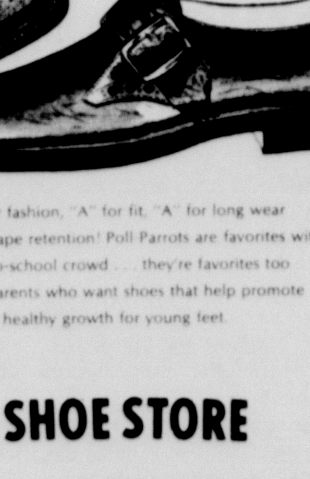

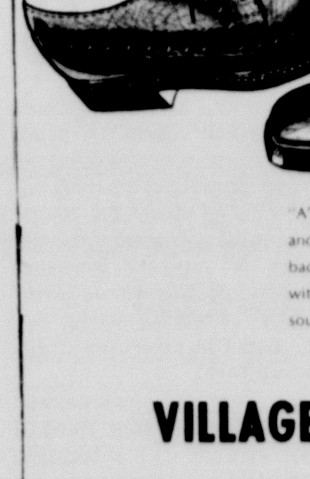

Our only hope is in Christ. For He gives to His true followers "a spirit of power, of love and of calm and well balanced mind and discipline and self control" II Tim. 1:7 amplified N. T.

That which has transpired in America in recent months and especially in recent days has prompted this letter. You have my permission to print it if you so desire.

H. D. Freeman, Pastor

Lions Host Boy Ranchers

Canyon Lions Club in cooperation with other Lions of District 21-1 will host a special day for about 100 Boys Ranchers Saturday.

Coming to Canyon by bus, the ranchers will be treated to the West Texas State University homecoming parade, barbecue and afternoon football game as guests of the Lions.

The project will be in observance of the 100th anniversary of college football which has been supported for numerous years by Lions clubs across the nation including the Peach Bowl, which the clubs sponsor.

Representatives of other district Lions Clubs are also expected in Canyon for the Boys Ranchers' visit on Saturday.

Crump Infant Rites Are Held

Funeral services for 13-month-old Michael Shawn Crump were conducted at Twelfth Church of Christ in Seagraves Tuesday and interment was that afternoon at the graveside.

The infant was born September 19, 1968 at Fort Bellvoir, Virginia and was the son of former Canyon residents, Sp. 5 and Mrs. Jerry Crump now of Mineral Wells.

The child died at Brook General Hospital in San Antonio October 19. Local arrangements were made through LaGrone Funeral Home.

Surviving, other than the parents, are the grandparents, Mr. and Mrs. Wayne Crump and Mr. and Mrs. Joe Ellerd, all of Seagraves.

CCA Selects Season Shows

Canyon Community Concert Association concluded the annual membership campaign Saturday with about 450 memberships sold to local residents.

As the membership campaign concluded, the CCA board met in session Saturday to select two additional concerts for the season here in addition to the Zurich Chamber Orchestra which had been previously booked for April 26.

Selected to open the concert season here was William Metcalf, baritone, who will perform January 9. Metcalf has sung with the Santa Fe, Central City, New York City and City Center Opera Companies. He has also performed with the Boston Symphony, had roles in Mozart operas of "The Magic Flute" and "Don Giovanni". He has appeared on the "Voice of Firestone" for television viewers and records for Columbia, Vanguard and Epic recording companies.

Scheduled for an appearance in Canyon March 12 was Roy de la Torre, classical guitarist.

He has appeared on television shows of Tonight, Today, Jack

Paar and Camera 3 in addition to doing a special guitar program for CBS and furnishing the musical background for the "House of Bernada Alba", a play by Lorca. He has done numerous recordings and was born in Cuba, where he became a prodigy guitarist at the age of ten. He studied with Miguel Llobet in Spain at 14 and at age 16 made his debut in Barcelona, Spain. He has performed in many areas abroad and in the United States.

Area reciprocity scheduling available to local members with

membership cards here include the Cross and Yarrick, baritone and soprano program set for October 25 at Lubbock. Upcoming on the reciprocity programming in January are the Serenaders, a male quartet, at Dumas January 16 and the Clebanoff Strings and Orchestra in Borger January 25.

Officers of the CCA in Canyon this year include: W. E. Bill Adams, chairman; John Green, treasurer; Donald Todd, secretary; Raymond Raillard, publicity; and Mrs. Nell Findley, membership.

GH Brownie Scouts Add New Members

Brown Scout Troop 8 held a candle-light Investiture Thursday afternoon and included nine new members into their group.

Cary Camfield and Vickie Smith, two Junior Scouts, posted the colors and the Pledge of Allegiance was said by all.

Narration of the Brownie Story was given by Mrs. L. R. Pete Baker. The girls entered, one at a time, from the "Brownie Magic Room" where they gave the answer to the puzzle ending the story--"Twist me and turn me and show me the elf. I looked in the mirror and saw myself".

As each girl repeated the Promise and gave the Brownie sign and handshake, they were pinned and welcomed into the troop as a new member by leader, Mrs. Jimmy R. Belyeu.

Respect for the uniform and the meaning of the Brownie Promise was discussed with the girls.

A crystal punch bowl with tapers in silver holders decorated the serving area with Brownie napkins completing the arrangement on a table laid with a lace cloth.

Leaders for Troop 8 are Mrs. Jimmy R. Belyeu, Mrs. John Byrd, Mrs. Donnie Palmer, and Mrs. L. R. Pete Baker who is also the Brownie Chairman.

Parents attending the affair were Mrs. Guy Bufkin, Mrs. Thomas Howard, Mrs. Benny Turner, Mrs. Garcia, Miss Garcia, Mrs. Marvin Mester, Mrs. E. C. Tyler, and Mrs. Harold Erwin. Teachers of the girls also attending were Mrs. Pat Stevens, Mrs. Gay Cochran, Mrs. Georgia Guinn, and Mrs. Nancy Piercy.

Members of the troop, listing the new girls first, are Debbie Belyeu, Shonda Palmer, Danielle Byrd, Sandra Mester, Sherry Tyler, Sherry Roche, Rejeania Turner, Robin Gresham, April Howard, Lee Baker, Traci Bufkin, Diedra Carroll, Belinda Curlee, Lisa Erwin, Jan Carol Franklin, Patsy Gaither, Donita Hall, Valerie Oxley, Penny Martin, Pam Thrash, Cindy Todd, Kendra Wallis, Tina Dolloff, Janice Dulaney, Martha Cannon, and Carrie McMennamy.

CHARLES PARKS

Car Wash Saturday

A car wash will be held Saturday at Morrison's Shamrock Service Station under the sponsorship of the National Honor Society of Canyon High School.

Service will be \$1.50 per car and pick-up and delivery service will be offered by calling the station during the day, 655-3411.

Special project for the funds will be the sponsorship of Americanism Week by the NHS.

Troop 197 Has Outing

Boy Scout Troop 197 held a campout Friday night in Palo Duro Canyon, east of the city.

The scouts took their own foodstuffs and in pairs prepared three meals on the campfire during the outing. They also went hiking, looking for various rock formations and spent Saturday morning working on advancements in the scouting program.

Scoutmaster Marvin Fite was assisted with adult leadership by Dwight Hardin and Newton Richardson.

Scouts participating in the week end event were David Fite, Bennie Richardson, Paul Griffin, Ross Griffin, Roy Luna, Cruz Luna, Collin Weaver, Bob Splawn, Stan Prichard and Cliff Prichard.

Two representatives of the West Texas State University business department are in San Antonio this week end to attend a convention of the Texas Business Education Association. Representing WT are Dr. Roland Johnson and Mrs. M. I. dred Simpson.

Parks Home For Leave

Charles Warren Parks is home on leave until November 8 when he will report to Mere Island for eight weeks of survival training and then will be shipped to Saigon, Vietnam for 13 months.

Parks, son of Mr. and Mrs. Charles Parks, will be on the river patrol boats in Vietnam.

Early Frost Hits Canyon

Dry weather, greenbugs and last week's early freeze were given by area elevator operators as reasons for a "lighter than anticipated" grain sorghum crop this year.

Bob Caldwell of Consumers Fuel Association & Elevator said he estimated this season's crop would be "about 25 percent off of last year's, maybe more."

He said about half the crop was in, while a spokesman for the Umbarger Co-op Elevator said in his area from two-thirds to three-fourths of the crop was in.

"This will be the lightest yield in the past several years," he said.

Hardest hit by the freeze was the non-irrigated crop south of Canyon, John Brazzil, county agent said.

Brazzil said that though cotton is not a particularly economically important crop in this area, what acreage there is was stopped from further development by the hard freeze. He said the bolls that were already mature would go ahead and open and that the cotton harvest would begin in about 10 days to two weeks.

Rambling North

BY JOAN FOWLKES

The Young People and Intermediates of Hollywood Baptist Church were entertained with a Halloween party Saturday night sponsored by Rev. and Mrs. A. C. Lyons and Mr. and Mrs. Lee Stalnaker.

Charcoal broiled hamburgers, chips, popcorn balls, cookies, and punch were consumed by the group and games were played.

Those attending the affair were Patty Lovelady, Nancy Towery, Lanette Hodges, Cindy Towery, Jeannette Hodges, Becky Hodges, Laurel Stalnaker, Mike Hillman, Diane Harp, Karen Bailey, DeAnn Holmes, and Sharon Benton.

Three-year-old Shannon Baker celebrated her birthday last week with a party given by her parents, Mr. and Mrs. L. R. Pete Baker.

The party held a "Mardi Gras" theme with horns, hats, and balloons decorating the house. The birthday cake centered cupcakes with clown decorations.

Other refreshments at the party were cokes and ice cream. Candy favors were given to each of the children attending the party.

They were Todd Bufkin, Russell Schmidt, Pike Martin, Kip Camfield, Traci Bufkin, Juanita Hall, Bruce Kennedy, David Camfield, and Carla Schmidt.

Mrs. Erwin Davlin and Mrs. L. R. Pete Baker attended the Parent-Teacher Workshop held at the James Bowie Junior High School in Amarillo last Thursday.

Theme for the meeting was "Confrontation with Realities" with the keynote speaker, Mrs. R. O. Stringer, State Cultural Art Chairman from Kirbyville, Texas.

An informal coffee preceded the general sessions.

Mrs. Sam Singleton, District President, presided at the meeting.

The next workshop will be at the School Administration building, October 23.

Mr. and Mrs. David Camfield, Cary, Davy, and Kip had recent visitors in their home.

David's parents, Mr. and Mrs. David Camfield were here visiting from Siloam Springs, Arkansas. They plan to be here for about one week before returning home.

Recent guests in the home of Mr. and Mrs. Jairrel Moore were an aunt and uncle of Jairrel who were visiting here from Indian Springs Ranch near Stites, Idaho.

They were Mrs. Charles Higgins and her brother, Ferris Weddle.

Weddle is a free lance writer for several magazine companies and is also the author of several books including "Blizzard Rescue" published by Franklin Watts, Inc., of New York City.

According to Mrs. Moore, her sons, Greg and Doug, were particularly interested in Weddle's stories because he had written several children's books.

Also here from out of town in order to visit with the couple were Mrs. Bill Moore, Jairrel's mother from Shamrock, Mr. and Mrs. Carl Wood, and Mr. and Mrs. Matthews, cousins from Claude.

Mrs. L. R. Pete Baker attended the United Fund Report Luncheon Wednesday at Howard Johnson Motor Lodge East in Amarillo.

"Sing Out Amarillo" group provided musical entertainment.

Mrs. Baker, a volunteer worker, said the progress reports of individual units were given, the units were getting close to their quotas, and indication are that the United Fund will exceed the quota.

A white birthday cake decorated with blue and white flowers, ice cream, and punch helped make a birthday party for nine-year-old Lisa Erwin Saturday. The party was held at the home of her parents, Mr. and Mrs. Harold Erwin.

The table was decorated with a flower girl doll and favors of "Kiddle Dolls" with zipper cases were given to the guests.

Those attending the affair were Debbie Beck, Traci Bufkin, Lisa Baker, Kendra Wallace, Cindy Todd, Belinda Curlee, Krista and Abbejane White and Guy Matthew Conner.

Teddy Walker received emergency treatment and then was released at Northwest Texas Hospital last week following a fall down a staircase at his home.

Fortunately, he only received bumps and bruises and a finger was knocked out of joint on his left hand.

He is the son of Mr. and Mrs. Ted Walker and the grandson of Mr. and Mrs. Gilbert Walker.

O. E. Towery spent about a week in Monroe, Louisiana recently where he was visiting with his parents, Mr. and Mrs. O. E. Towery, Sr.

While there, he did a certain amount of fishing and squirrel hunting.

Duane Harp has transferred from Boy Scout Troop 130 to the Explorer Post 80 in Amarillo. He was a charter member of the 130 troop where he earned his rank of Eagle.

The purpose of the new Explorer Post is primarily to study Indian lore, and the past habits and customs of the Indians throughout the United States.

Post 80 is made up of Kwahadi Indian Dancers.

Drug Study Council Is Organized

A newly formed drug study council, consisting of church and civic leaders and law enforcement officers, has agreed to initiate an education program beginning at least in junior high school to combat drug usage in Canyon.

Canyon attorney Rhett Plank, chairman of the council at its first meeting last Thursday, said the next meeting will be at 4 p.m. Thursday, Oct. 30, in the county courtroom at the Randall County Courthouse.

Plank said the council will probably set a regular meeting date and place at that time.

Judging Team Places High

The West Texas State University Senior Livestock Judging Team placed as the high team from Texas last Saturday at the American World Judging Contest in Kansas City.

Twenty-five teams were entered in the competition, according to Don Beerwinkle, agriculture faculty member and team coach. West Texas State outscored Texas A&M and Abilene Christian College to garner the high team from Texas award.

The seven members of the WTSU judging team include Bob Robinson, Happy; Ed Wright, Happy; Dan Rahlfs, Happy; Joe McGee, McLean; Mike Goad, Wheeler; David Stocksill, Pampa; and John Sublett, Hereford.

The team will compete in the International Intercollegiate Livestock Judging Contest at Chicago Nov. 29.

Supper-Auction For VFW Friday

Warrant Officer Larry Parsons of Canyon has recently been awarded the air medal and distinguished flying cross for service at Quanlao Base in Vietnam.

Parsons' air medal was awarded for active participation in more than 25 aerial missions over hostile territory in support of operations against communist aggression for the period of May 19 through June 1.

The distinguished flying cross was given for heroism "while participating in aerial flight evidenced by voluntary action above and beyond the call of duty on July 7, 1969 while serving as helicopter commander with the Air Cavalry Troop, 11th Armored Cavalry Regiment in the Republic of Vietnam. On this date he received a request to assist the crew of a downed helicopter and when he reached the location of the endangered aircraft, his helicopter began receiving intense small arms and automatic weapons fire.

"Nevertheless, Warrant Officer Parsons descended to treetop level and slowly guided the crew members to a clearing. Because of the undergrowth he was unable to land, but he

succeeded in hovering low enough for the crew chief of the downed aircraft to pull himself safely aboard.

"Warrant Officer Parsons' outstanding courage and concern for the welfare of his fellow soldiers were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit and the United States Army" according to the citation.

Parsons, who graduated from Canyon High School in 1967, Area Lutherans Set Reformation Service Oct. 26

Lutheran churches from the Texas Panhandle, Oklahoma Panhandle, southwestern Kansas and eastern New Mexico will join in a special worship service Sunday, October 26, commemorating the 452nd anniversary of the Protestant Reformation.

The service will be at 3 p.m. in the Civic Center auditorium in Amarillo with Rev. Oliver R. Harms, D. D., past president of the Lutheran Church-Missouri Synod, as guest speaker.

Rev. Samuel H. Nafziger of St. Paul Lutheran Church in Canyon will assist with the service and Mrs. John Green of Canyon will direct a mass choir with Mrs. Gerald Schultz as organist. Also serving on the planning committee from Canyon are J. R. Clodfelter and Pat Sullivan.

The special service is one of many such festivals across the nation which will be held to observe the anniversary with worship and to be confronted with the challenges facing the Lutheran Church today. The event commemorates the posting of the 95 Theses on the door of the Castle Church in Whittenburg, Germany on October 31, 1517 by Dr. Martin Luther with a concern for renewal.

Ray Welch Rites Held

Funeral services for H. Ray Welch, 68, were conducted Tuesday at LaGrone Funeral Chapel in Canyon with Dr. Dwayne Dennis of the Central Church of Christ and Dr. Strauss Atkinson of First Baptist Church officiating.

Born in Clay County, Texas July 22, 1901, Mr. Welch had been a resident of Canyon for 20 years moving here from Canadian. He died October 19 at St. Anthony's Hospital following a month's illness.

He was a Baptist and was married to the former Ethel Carver in Laverne, Oklahoma October 5, 1929.

Interment was at Dreamland Cemetery under the direction of LaGrone Funeral Home. Serving as pallbearers were Hampton Lisle, Charlie Harter, J. V. Moore, Lloyd Welch, Gary Carver and Ed Caskey.

Survivors include his wife, Ethel of Canyon; a daughter, Mrs. Gayle Young of El Paso; two grandchildren, Jerry and Linda; two sisters, Mrs. L. H. King of Amarillo and Mrs. Luther Langford of Wichita Falls; two brothers, T. R. of Redmond, Oregon and W. T. of Bellview, Texas.

News Brief

Captain W.J. Plank visited during the week end with his parents, Mr. and Mrs. E.E. Plank in Canyon. Captain Plank has been a United Airlines pilot for 27 years and is based in San Francisco, California.

is the son of Mr. and Mrs. Ernest Parsons of Canyon. He took his basic training at Fort Polk, Louisiana and attended helicopter pilot school at Mineral Wells graduating from Fort Rucker, Alabama.

the conference. He said Gov. Preston Smith spoke to the conference and expressed his complete backing of regional planning commissions. Nelson reported that various governmental agencies on the state level said they will begin working as much as possible through regional planning commissions over the state. The state department of health told the conference, Nelson said, that they would call on various planning entities to

administer the recently passed air pollution program which regulates burning of trash at city dump grounds. Nelson said 51 federal programs must now be administered through regional planning commissions. Stiff told the PRPC members that to qualify for \$10,000 in state funds for regional planning in the Panhandle, the commission must formulate a budget and establish a dues structure. Randall County Commission-

er Bill Butler, Canyon Commissioner Ken Olsen, Potter County Judge E.H. Foster and Amarillo Commissioner W.W. Nicklaus were named to a budget committee. They will have a tentative budget prepared for the next PRPC meeting. The planning board members also chose various committees to head at the Monday meeting. Each committee chairman will choose the members for his committee and each committee will include persons from each of the four entities represented in the PRPC.

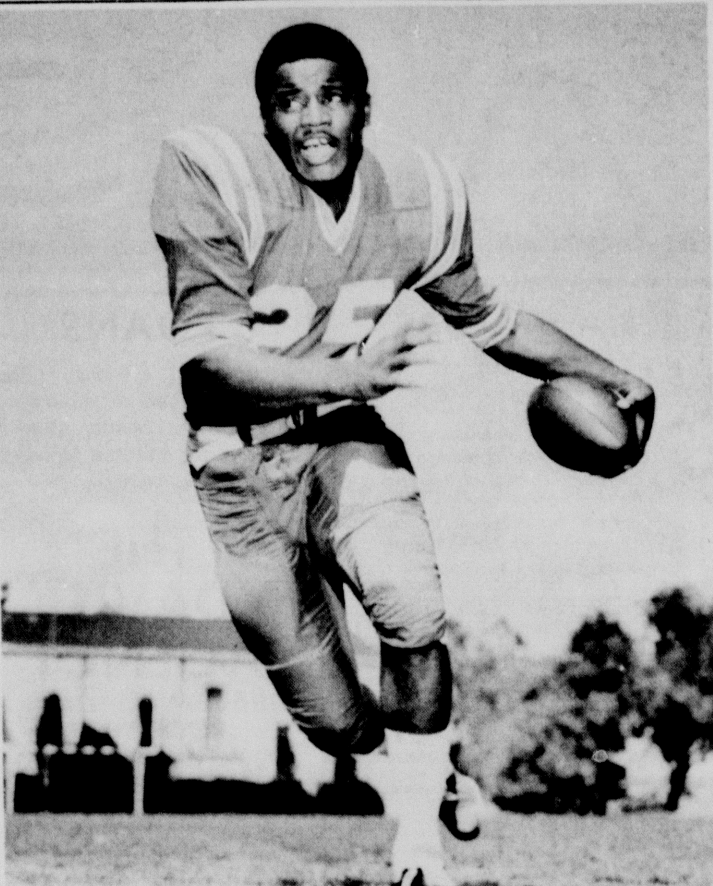

Committee Chairmen and their committees are as follows: Olsen, police; Butler, zoning; Mills, solid waste, Brown, water; Thad Ansley, sewer; Felix Pierce, fire; Foster, health; Mills, airport; Nicklaus, libraries and recreation.

Next meeting of the regional planning body will be at noon Wednesday in the gold room of the east cafeteria at West Texas State University.

two teams. The scores were comparable. The Whitefaces beat Phillips 15-6 and Dalhart 14-0. Canyon downed Phillips 13-7 and Dalhart 19-8. The Canyon scouting report on Hereford, however, noted that in Hereford's victory over Dalhart three Whiteface starters were out with injuries. Asked about the physical shape of his team, Wartes said, "We've lost some kids with injuries since the start of the season and consequently we

Leading the Aggies' running attack will be Ron "Po" James, heralded by New Mexico State as the nation's top sophomore running back. The 6-0, 200-pounder rushed for 1,291 yards as a freshman and this year is averaging just under 100 yards.

haven't improved much. "Our biggest weakness is the lack of any outstanding speed anywhere. We've got no real speed either in the backfield or in the line."

Wartes said that if he was going to guess on the kind of game Friday's clash would be he would guess it to be a defensive game. He said that he had lost no defensive players through injury.

"Of course anything can happen in a football game," he said.

Coach Dunny Goode believes the open date last week helped his Eagles in that some of the injured have had a chance to recover.

"Everybody will be back at full strength except Al Bayless," Goode said. "His ankle is not responding to treatment."

Bayless, who started off slowly this season before exhibiting devastating power as a running back in the Spearman and Dalhart games, injured the ankle in the loss to Panhandle and is not scheduled to start against the Whitefaces.

"We'll be starting David Erwin and Robert Bull as running backs and probably David Carter at quarterback," Coach Goode said Tuesday.

Goode said he had offensive changes which will have Gary Schrib playing right guard, Calvin Yarborough, right tackle and Allen Bedell, right end. Chris Hull will remain at center with Fred Wilson and Bill Byrd alternating at left guard and James Boyce and Vince Wirt alternating at left tackle. Pat Hickman will play left end.

Defensive standouts John Lewis and Rick Hales, injured prior to the Panhandle game, are back at 100 per cent, Goode said.

The Eagle coach said he plans no changes for the Hereford game. "We're working on doing the same thing we have been doing - only doing it better."

Goode said he felt his players have a good attitude and are ready to play.

"We'll know a lot more Saturday," quipped Wartes. "We always know a lot more on Saturdays for some reason."

and save the district some money."

Adams said Jacobs travels more than 2,000 miles per month.

The superintendent's travel expenses came under fire at the September school board meeting when Fletcher Sims, a county businessman, also questioned Jacobs' travel allowance.

In other action, the board voted to sell a 1959 school bus for \$375 to Marvin Green of Amarillo, a 1950 bus to Green for \$300 and a 1961 bus to C. W. Reeves of Tulia for \$435.

The board also voted to increase liability insurance coverage on all school district vehicles to \$100,000 and \$300,000, and medical payments coverage to \$2,000.

The increases were approved after Jacobs explained that beginning Jan. 1, 1970, school vehicles will no longer be considered immune to legal action resulting from accidents.

The board voted to retain the name of the junior high school, and to list current board members plus the name of former member Bill Davis on the corner plaque for the junior high building.

A total tax roll of \$56,481,210 was also approved by the board as presented by School Tax Assessor-Collector Conway Kuykendall.

Mrs. W. E. Parker, a local businesswoman, questioned whether the board legally could approve the tax roll after the tax statements have already been sent out to county residents.

Board members admitted they didn't know the legal aspect of that.

The board authorized their attorney to instigate court action on several residents who have not paid delinquent taxes for several years.

Adams also questioned the board about why a photographic studio from Oklahoma makes

per month. The judge said he didn't feel the program is needed or economically feasible.

In other action, the commissioners awarded a contract to Joe Bob Brown of Amarillo to microfilm county clerk records for three years at \$1.35 per 100 pages.

Rod Smith, representing the Honeywell Manufacturing Co. in Lubbock, appeared before commissioners seeking a contract to service and maintain the cooling and heating system in the new courthouse annex.

Cost of the maintenance on an annual basis would be \$220 per month.

The commission deferred action on his request.

Bids for draperies in the county clerk and tax assessor-collector offices were opened but letting of the contract was deferred until appropriate material can be chosen.

Will It Happen Again Next Spring?

Buy "Wet Field" Insurance...

PLOWDOWN NITROMITE THIS FALL

If the big rains come again next Spring, you're safe - with nitrogen already left in the field to give young plants a strong start. And you get the job done when the product, labor, and equipment are readily available. No last minute rush.

Even if you graze stalks this fall, there'll still be lots of crop residue left in the field. NITROMITE breakdown will aid decomposition of this residue, releasing valuable nutrients for new plants in the Spring.

The clincher is at harvest: if ever there was a good time, this will be the year to give your crop a great big shot in the yield with NITROMITE. Shamrock's fine brand of anhydrous ammonia - 82% nitrogen for bigger, high-protein yields.

Fight back. Fight for your share of the big profits next year. **PLOWDOWN NITROMITE THIS FALL**

1028), which provides that a
square shall be placed beside
each proposition in which the
voter is instructed to place an
"X" or other clear mark to
indicate the way he wishes to
vote; but which also provides
that failure of a voter to mark
his ballot in strict conformity
with the directions on the ballot
shall not invalidate the ballot,
and the ballot shall be counted
if the intention of the voter is
clearly ascertainable, except
where the law expressly pro-
hibits the counting of the ballot.
It is specifically provided that
the election officers shall not re-
fuse to count a ballot because
of the voter's having marked
his ballot by scratching out the
statement of proposition for
which he does not wish to vote.

Section 6. That notice of

twenty-one (21) days
prior to the date set here-
in for such election; and
(b) by posting of such notice
at the polling place in the
election precinct of the
City, being the City Hall
Annex, not less than twenty-
two (22) days prior to the
date set herein for such
election.

It is hereby found and deter-
mined that The Canyon News is
a newspaper published within
the City of Canyon, Texas, and
is a newspaper of general cir-
culation within said City.

Section 7. If any provision,
definition, section, subsection,
sentence, clause or phrase of
this ordinance, or the applica-
tion of same to any person or
set of circumstances, is for any
reason held to be unconstitu-
tional, void or invalid (or for
any reason unenforceable), the

validity of the remaining por-
tions of this ordinance or its
application to other persons or
sets of circumstances shall not
be affected thereby, it being the
intent of the City Commission
of the City of Canyon in adopting
this ordinance that no portion
thereof or provision, definition
or regulation contained herein
shall become inoperative or fail
by reason of any unconstitution-
ality or invalidity of any other
portion, definition, provision,
or regulation, and to this end
all provisions of this ordinance
are declared to be severable.

INTRODUCED before the City
Commission on the 16th day of
October, 1969, and finally pass-

Business, Program At CSC Meet

Canyon Study Club met Tuesday evening in the home of the president, Mrs. Don Max Vars, with Mrs. Charles Brasher and Mrs. Weyman Brown as co-hostesses.

The business meeting was opened with the club collect led by Mrs. Clark Mires and a pledge to the flag led by Mrs. Jackie Patterson.

Federation report was given by Mrs. Bill Auvenshine as she informed members of a planned charter to take the Top of Texas Junior Club members to the national convention to be held in June in San Antonio.

It was reported that Lila Vars and LaDonna Blewett represented the Canyon Study Club

at the fall board meeting in Canadian on Tuesday.

Committee reports on the Halloween Carnival were given. The carnival has been set for October 30 from 7 p.m. to 10 p.m. at the old Bellah's Store and the old bank building.

During the business meeting, the club voted to do volunteer work for La Casa Canyon Convalescent Home again this year.

Members were reminded to bring gifts for the state mental hospital to the November meeting.

New members welcomed into fellowship of the club were Linda Kay Baker, Jane Stevens, Linda Pratt, Carolyn Byrd and Joan Hamblen.

Program for the meeting was presented by Larry Hooper, a local insurance and real estate salesman. He discussed the basic steps in buying and selling a home using films and other visual aids.

The program and business session were concluded with a white elephant sale. Approximately \$20 was raised through the in-club elephant sale and the money will go to the National Association of Retarded Children.

In addition to the new members and Hooper, other club members present for the meeting were Mesdames Anna Auvenshine, Linda Baker, Ann Berger, LaDonna Blewett, Nancy Boston, Treasure Brasher, Elia Brown, Judy Castleberry, Charlyn Carr, Kay Cates, Janice Crammer, Carlene Gardner, Sue Hooper, Carolyn Hunt, June Jones, Kathy Kendrick, Eulalia Mires, Delores O'Conner, Jackie Patterson, Wanda Phillips, Linda Pratt, Johnny Raymond, Lynda Shelly, Karen Sheffy, and Lila Vars.

European Neighbors For Club

"Let's Stay Involved With Our Neighbor Europe" will be the subject of a program Monday afternoon for the Sue Hite Club of Canyon.

Mrs. Fred Stoker will present the program beginning at 3:45 p.m. A business session will be directed by the club president, Mrs. Crews Henry, and the invocation will be given by Mrs. Lawrence Brotherton.

The meeting will be in the home of Mrs. Hatcher Brown, south of the city. Co-hostesses will be Mrs. Orville Hicks and Mrs. Raymond Raillard.

LARRY HOOPER, Canyon real estate and insurance salesman, discussed the basic steps in buying and selling a home with the aid of films and a chart at the Canyon Study Club Tuesday evening. Hooper is shown here with his wife, Sue.

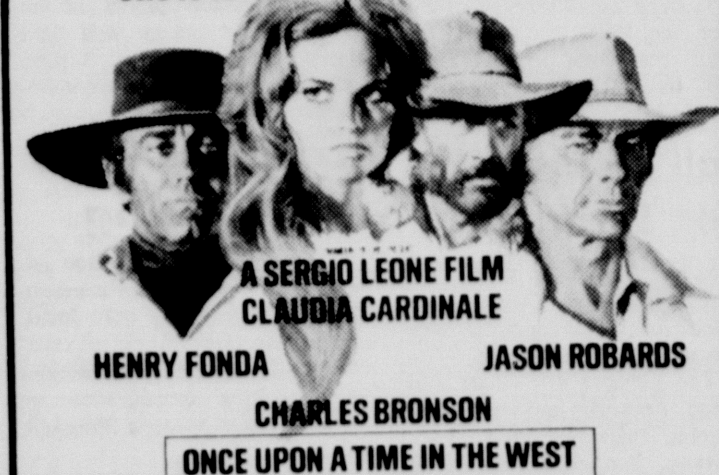

NEW MEMBERS welcomed at the Canyon Study Club meeting Tuesday evening were from left, front, Linda Kay Baker, Jane Stevens, Joan Hamblen, and back, from left, Linda Pratt and Carolyn Byrd.

Mr. and Mrs. David B. (Bruce) Pond of Yelleville, Arkansas announce the October 22 birth of a son, Robert Lee, who weighed 6 pounds 7 ounces on arrival at Boone County Hospital in Harrison, Arkansas.

Grandparents of the new arrival are Mr. and Mrs. Hubert Pond of Yelleville, Arkansas and Mr. and Mrs. Earl E. Miller of Canyon.

CANYON FEDERATED CLUB COUNCIL president, Mrs. Crews Henry, standing, looks over a book "The Honeycomb" by Adela Rogers St. John with Mrs. Chester A. Pierle, librarian. The book, given by Mr. and Mrs. Eddie Melin, was reviewed recently by Mrs. Melin in a council-sponsored review series which is designed to raise funds benefitting the Canyon City Library.

Festive Foods, Decorations Highlight Women's Meet

"Festive Foods for the Holidays" was the title and objective of a special program Monday afternoon attended by about 75 Canyon women.

Presented by Mrs. Louise Wilson, home service advisor for Southwestern Public Service Company in Amarillo, the program was sponsored by the Randall County Home Demonstration Council.

Mrs. Wilson, introduced by Becky Hall, home demonstration agent, was assisted on the program by Mrs. Georgia Fox, Edgetown Home Demonstration Club was hostess for the occasion.

Festive Foods booklets were presented to those attending and may be obtained also from Mrs. Hall. The booklet contains various new recipes for the holidays which have been tried and tested by home service

advisors from throughout the Panhandle and New Mexico.

Mrs. Wilson's foods demonstration included Festive Pork Chops, Smoked Egg Dip, Apricot and Banana Bread and Sour Cream Sugared Nuts.

In addition to demonstrating her recipes, Mrs. Wilson also gave pointers on major small appliances in the home. She discussed the fact that "small appliances today are taking on the new color scheme of avocado, gold, and rust in addition to the regular chrome finishes."

She said that "teflon coating and linings are better now than two years ago". She related that blenders should be kept in a handy position on the counter-top to get the most use out of it. In speaking of blenders she said "don't let the motor race while blending food—for thick foods, turn the blender off and on

throughout the blending process."

The final appliance discussed was a portable oven equipped with top and bottom heating elements. The oven, complete with rotisserie, does not use much electrical current, does not have the same amount of insulation as regular stove ovens, and according to Mrs. Wilson is a handy appliance to have in the home for small cooking assignments. She placed the Apricot-Banana Bread loafpan in the oven to bake while the group listened to the conclusion of her program.

Decorating for the holidays was the final segment of the program by Mrs. Wilson. She showed the uses of greenery, pine cones, fruit and birds in making some simple attractive centerpieces and decorations for the holidays and as gifts.

"Accent the arrangements," said Mrs. Wilson "with the little artificial snowmen or Santas."

The base of one arrangement was outlined with curved peppermint candy canes affixed to a discard can from the kitchen. She also used a large basket filled with gold glittered fern, decorated with clusters of gold balls and miniature lights.

Another centerpiece decoration was the three wire men made from paper-towel cylinders, covered with contact paper, with white gift wrap and markings for the faces, adjusted to a triangle base with Christmas tree balls for the hats.

After the demonstration and program on holiday centerpieces, those present were offered an opportunity to sample the recipes made during the meeting at a "tasting tea."

Prenatal Care Program Subject Of HWC Meeting

Betty Kembel presented a program on "the significance of prenatal care" at Monday night's regular monthly meeting of the Heritage Women's Club.

Mrs. Kembel, a graduate of Northwest Texas School of Nursing, is a registered nurse and presently works with Dr. George Wyatt, gynecologist, in Amarillo.

Introduced by Mrs. Roy McGreggor, Mrs. Kembel gave special mention of the growth of the child, special problems, the Rh factor, sex determination and discussed the new miracle medicine rubella vaccine.

Booklets were passed to club members and the program was followed with a question-answer session.

A parchment scroll printed with "God could not be everywhere, and therefore he made Mothers;" was presented to Mrs. Kembel at the conclusion of her program by club representative, Virginia Cotton.

The meeting, held in the home of Mrs. Orrell Vise, was opened with the pledge of allegiance led by Mrs. Jerry Cooper and the club collected led by Mrs. Charles Thomas. Mrs. Larry Brandon read minutes from the last meeting and called roll for the membership.

Club president, Mrs. Jack Tillinghast, read correspondence to the club suggesting by the General Federation of Women's Clubs that each local member write either John Tower or Ralph Yarborough in Washington, D.C. concerning provision of funds for training of specialized personnel and programs for the PAP test to be given 23 million women.

Members of the HWC contributed to a national conventions fund this year and it was announced that Mrs. Richard Holland of Houston is new junior club director.

The membership discussed, voted and passed a resolution amending the club by-laws that the club would have 35 active members.

Mrs. Jack Tillinghast, president, and Mrs. Larry Brandon, HD Council Will Hear Club Reports

Annual council reports will be given at Monday's meeting of the Randall County Home Demonstration Council.

The meeting should be an in-depth look at home demonstration clubwork, according to Mrs. Becky Hall, home demonstration agent.

Presidents of all HD clubs in the county will give annual reports on their club's special activities during the past year, membership increases, attendance and other projects.

Canyon Woman Plays Lead In ALT Show

"The Sound of Music" is playing through Sunday, October 26, at the Amarillo Little Theatre auditorium in Wolfen Village in Amarillo.

Heading the cast as Maria is Cheryl Huffman Doan of Canyon, who is a voice instructor at Amarillo College. Cheryl's husband teaches voice in the West Texas State University music department and is choir director for the First Baptist Church here.

Also among cast members for the Rodgers and Hammerstein musical are Larry Kuper and F. C. (Bill) Jordan, both of whom are students at West Texas State University.

Performances are directed by Peter Fox, Jr. with musical

Westside 4-H Club Has Meet

Westside 4-H Club met last Monday to plan a Halloween party.

The business session was conducted by Linda Hales and the pledge and motto were led by Brenda Stevens. A new member, Gloria Stevens, was welcomed to the club.

Slides and souvenirs from Peru were shown the club members by a guest speaker, Miss Neeley.

Members present were Connie Brazzil, Joelyn, Patty and Penny Crowley, Pam Friemel, Debbie, Larry, Millie, Willie and Linda Hales, Glenda Hollenstien, Vickie, Jamie and Randy Middleton, Brenda and Gloria Stevens, Jeff Stocker and adult sponsors, Mrs. Hales and Mr. and Mrs. Hollenstien.

secretary, announced plans to represent the club at the Top of Texas board meeting in Canadian on Tuesday. The club voted to pay registration fee and meals for both at the meeting.

After the business meeting, the federation report was given by Mrs. Wallace Johnston who read the Top of Texas District pledge and other information on the workings of federation of the local, state and national level. She also encouraged members to work harder for the benefit of many.

Mrs. George Louder, fine arts chairman, suggested several interesting events for members upcoming including an art exhibit at the Panhandle-Plains Historical Museum, a documentary film "Louie" to be shown soon at University Complex South at West Texas State University and a nationally acclaimed art exhibit at Houghton House, Amarillo, entitled "Manhattan Observed" which is free exhibit through November 2.

The club concluded further plans for the Halloween Carnival booth and suggestions were taken by the ways and means chairman, Mrs. Ronnie Gordon.

Refreshments of popcorn and coke were served by the hostess committee: Mrs. Vise, Mrs. Wayne Lambert, Mrs. J.G. Wells and Mrs. Cecil Winn.

The Vise home featured a Halloween decor and the table was laid with the traditional black cat theme for the occasion. Next meeting for the club will be November 17 at 7 p.m. in the West Texas State Bank. The meeting will be guest night and a salad supper will be served. Hostesses will be Mesdames Phillip Brown, Bob Chester, Ronnie Gordon and Carl Hollabaugh. The program will be by April Lawrence who owns and operates St. John Modeling School in Amarillo.

Mrs. Lawrence will speak on "the art of being". She earned the BA degree from the University of Pittsburgh and teaches a course in personal development at West Texas State University.

Attending Monday's meeting were Mesdames Larry Brandon, Philip Brown, Pat Brown, Bob Carter, Bob Chester, Jerry Cooper, Virginia Cotton, Gene Crowder, Harold Eavenson, Donald Enick, Ronnie Gordon, Carl Hollabaugh, Wallace Johnston, Wayne Lambert, George Louder, Wilton Manley, M.L. McGeehee, Roy McGreggor, Phil Pennington, Jim Perry, Eddie Poole, Nan Pool, Ivan Sadler, Philip Stephens, Charles Thomas, Jack Tillinghast, Orrell Vise, J.G. Wells and Cecil Winn.

The swimming activity is to help the boys to pass requirements for their "Aquanaut Badge" in scouts.

An explorer Scout Post in Amarillo is providing the lessons with each boy having an instructor to himself during the sessions.

Leaders for the group are Gene Murray and Garland Frazier. Boys attending the sessions and working on this particular badge are Billy Mayfield, Gary Phillips, Jeff Murray, Bo Fowlkes, Jay Findley, and David Tate.

The Colts, 0-4 for the season, will be looking for their first win when they play Whittier here at 3 p.m. Sunday. They will prepare for that contest by scrimmaging Belmar there at 6 p.m. Thursday.

The Calves take on Bellarmine next.

Western Plateau downed the Canyon Colts 14-6 Sunday with Billy Jack Wright's 75-yard return of a kick-off for a touchdown the only bright spot for the losers.

Buffalo Coach Lambasts Officials

Head West Texas State University Coach Joe Kerbel, lambasted Monday the officials who called last weekend's Buffalo State game and said the Buffs received a "royal raunching" from the officiating.

Speaking to the Canyon Buffalo Touchdown Club, Kerbel said the Buffs were penalized on plays where no violation occurred and cited one instance where a holding penalty was called when inspection of the game film showed no holding.

The Buffs lost to Colorado State 27-7 in the Fort Collins game.

The Head WTSU coach said many times the penalties were called at critical times for the Buffs.

Kerbel also blamed the loss on inopportune fumbles and interceptions.

He praised the work of the offensive line, however, in their blocking for sophomore quarterback Clarence Redic. He said Fullback Duane Thomas played a good game in running and blocking.

Ralph Anderson, defensive safety, was named top defensive player from last week's game. Halfback Olan Thompson was named top offensive player.

Anderson, looking to this week's New Mexico State game, said he feels the Buffs face "one of the better runningbacks we've seen all year in Po James."

Anderson said teamwork on the part of the Buffaloes can reap a win this weekend.

"Our spirits aren't down," Kerbel said. "Not a one of our players has given up. I'm not displeased with any of our people."

Speaking of New Mexico State, Kerbel said "they play us aw-

fully hard. They play us with all their hearts. We've got our work cut out for us and it'll be a knock-down drag-out."

The Buffs meet New Mexico State at 1:50 p.m. Saturday for the West Texas homecoming tilt in Buffalo Bowl. The game will be televised regionally by ABC.

The only bright spots in the Purple's loss to Hereford were a pass interception returned for a touchdown by Allen Beghtel and a scoring end sweep from five yards out by Dave Morris. Bill Moore kicked a PAT.

The Whites will play Alamo Catholic's freshman team at the High School here at 8 p.m. today.

Kendrick lamented the loss of Kenny Bacon, 6-5, who moved to Clearendon.

Kendrick also named two juniors who have a chance to make the varsity squad. They are Dorsey Pennington, 6-3, and Kim Cawthon, 6-0.

Last year the Eagles' only district losses were at the hands of Perryton, which went on to the state finals before losing.

"Perryton lost all their starters and have only one returning letterman this year," Kendrick said. "The team to beat will be Dumas. They got all their people back and have three 6-6 boys, all juniors."

"Tulia only lost two starters, Hereford lost only one and Muleshoe lost three."

Kendrick said that in addition to taking on two Class AAAA schools in the first four games the Eagles will play in two AAAA tournaments and one AAAA tourney this year.

"So you can see, it's going to be real hard to win 22 games this year."

Canyon Junior High's 8th grade White team, trailing Friona 18-0 at the start of the fourth quarter Tuesday night, roared back on the wings of Jeff Carlile for a 24-18 win.

Carlile broke loose in the final period for touchdown jaunts of 60, 40 and 30 yards. The three two-point conversions were scored on two runs by Tommy Allen and a pass from Ed Lair to Dennis Collier.

The 7th grade Whites lost to Friona 36-6 with Steve Hatch scoring the Whites' only touchdown on a 3-yard run.

The 7th and 8th grade Purple team, scheduled to play Dimmitt Tuesday, will play Dimmitt's 7th and 8th grade teams instead at 5 p.m. today here.

Next Tuesday the 7th and 8th grade White teams will host Hereford LaPlata at 5 p.m. while the Purple teams go to Hereford to play Stanton.

Freeman Wins PPK Placing

Mark Freeman, 13, son of Rev. and Mrs. H. D. Freeman of Canyon, was the only local boy to win first place in zone competition of the annual Punt-Pass and Kick competition.

Freeman scored 365 1/2 points to win.

He has won zone prizes for four years in a row.

He will travel to Oklahoma City this Saturday to compete in district. Last year, he won second in district.

Junior Varsity In Top Shape

The Canyon High School Junior Varsity will be in the best physical shape of the year when it goes to Dumas Thursday for a return bout with JV Demons, according to Coach Clark Mires.

"The kids want to play and they know Dumas will be up and ready for us," Mires said.

The JV Eagles defeated Dumas 44-12 on Oct. 9 for their fifth straight victory without a loss and took last week off.

The Demons scored the first points scored on Canyon's JV all year. The Eagles have racked up 273 points in the first

half of the season and in addition to Dumas, have Hereford, Dimmitt, Friona and Perryton on the last half of their schedule.

"We expect to be playing against some varsity players when we go to Dumas," Mires said. "But we'll take the same boys we've been playing. I don't think there will be as much scoring in this game as there was last time. We'll have to play real well to beat them."

"Monday we had the best workout of the year and I think we'll be ready to play."

Mires said the only major change he has made in his lineup is the move of second team defensive end Kenneth Atkins to first team offensive guard.

"He's doing a real good job for us at the new position," Mires said.

Kick-off time for the Dumas game is 7 p.m.

Square Dancers Planning Party

Canyon Capers will have a Halloween Costume Party and Box Supper Monday, October 27, beginning at 8 p.m.

The group will stop dancing at 10 p.m. and auction off the boxes. Bread and drinks will be furnished and members are reminded to bring card tables.

Prizes will be given for the best costumes.

All Capers members are reminded that the club will dance from 8-10:30 for the next few months.

At Monday's meeting, the Capers danced to calls by Knox Day and Leroy Pitt did the tip calling. Several members reported dancing to Knox Day's calling at Silverton last Saturday night. Guest for the meeting was Tony Thomas.

Officers nominations by the club have been named. Elections will be held on the first Monday in November and the new officers will assume their offices in early December.

Those nominated have been: presidents, Dick and Dotie Foster and Louis and Betty Thomas; vice presidents, Bob and Virginia Costley and Leroy and Laura B. Pitt; secretary-treasurer, Curtis and Shirley Lehnick and Frank and Nita Hooper; reporter, Bob and June Podzemny and Roy and Lue Reynolds; social chairmen, Gordon and Lida Foster and Lester and Lida Crow; PSDA representatives, Lewis and Margaret Tucek and Gene and Lurlene Johnson.

Bottle Raid Is November 1

A "pop bottle" raid will be held November 1 under the sponsorship of the Canyon High School choir with proceeds going into the choir's trip fund.

Bill Lyon, choir director, requests that residents save extra bottles for the choir's campaign.

Tough Schedule Faces Eagles

With only one starter returning from last year's basketball squad, and an even tougher schedule it will be hard to match last season's record, according to B. B. Kendrick, Canyon High School basketball coach.

"We'll have about the same type of teams last year," Kendrick said. "Our boys will be little and fairly good shooters. Much will depend on our rebounding."

The basketball season opener will be against Amarillo High School on Nov. 25.

The lone starter back from last year's team, which finished 22-6 and 8-2 in district play, is Jerry Landrum, a 5-10 senior who averaged 11 points per game.

Three lettermen from last year's Eagle team are back. They are Bobby Martin, Lynn Salmon and Ronnie Hager, all seniors.

Kendrick said the top prospects from last season's Eagle B team team are Keith Keeling, 5-11, Larry Daniels, 5-7, Lonnie Moore, 6-1, and John Lewis, 6-3.

"I think they'll be able to help us quite a bit," the coach said. Keeling averaged 14 points per outing while on the B team.

Kendrick lamented the loss of Kenny Bacon, 6-5, who moved to Clearendon.

Kendrick also named two juniors who have a chance to make the varsity squad. They are Dorsey Pennington, 6-3, and Kim Cawthon, 6-0.

Home-Family Relationships Explored In Home Economics Course

BY LORENA MILLER

A sidestep from the traditional set of rules "this is the only way" is being explored by homemaking classes at Canyon High School this year in a boy and girl course of home and family living.

Taught in three separate classes, the small groups of students are instructed by Mrs. Mildred Gates who says that "the students explore their own personality and relationships to parents and the world and come to their own private conclusions about matters discussed in the class."

"Usually they are hearing the same time-honored rules which have been handed down by their parents for years, but in a different atmosphere they come to their own conclusions and find generally that the parents have been right from the beginning," she said.

The home and family living course is offered a single semester to students. Students taking the course are generally seniors, although a few mature juniors are also involved.

"The students are sort of handicapped for the course," she commented. The course be-

gins the first six weeks exploring personality and relationships with parents and the outside world, teaching the student to relate his own self to the activities and beliefs of others. The course is divided with ten boys in one class, and two separate classes accommodating 17 girls this fall. In the spring semester, a new set of students will be involved in the course.

"This is one of the hardest courses to grade which I have," stated Mrs. Gates. "We grade primarily on class participation -- as you can't grade a student on his moral, and spiritual attitudes."

"The students in these small discussion classes feel free to discuss their problems among themselves and they often ques-

tion me on my attitude about things too.

"I have found through this class that the students of this generation generally have a serious attitude toward life and can make their own good solid decisions."

"They learn too that all people have different views and learn to listen to the other guy's point of view, whether he is right or wrong. They learn to be more tolerant of others and can take part in discussion without getting mad."

"I am amazed at how often the students come up with a good sound solution to a problem," said Mrs. Gates. She also related her amazement at the depth which boys of this age (about 17) think in terms of their future.

In the second six weeks, according to Mrs. Gates, the students look at choosing a marriage partner and discuss their roles in dating. For the final segment of the second six weeks the boys' section explores clothing for men and in the third six weeks they also go into basic foods.

In addition, both boys and girls discuss marriage in their separate classes and explore what their own roles in marriage will be and their attitudes toward the marriage partner.

"They discuss teenage marriage and problems. For instance," said Mrs. Gates, "we set up a budget for a working student making about \$60-\$65 a week and just suppose that he were making a living on that amount."

"It seems like he is making a lot as a single student, plenty for car expense, dates, etc., but when they compare the salary to what is required for a married household they come to their own conclusion after seeing the bare facts written on the board."

"We discuss drugs and alcohol and what can happen with the use of them. Then the students make their decision realizing that they have to accept the responsibility of their own actions."

"We also study Texas laws pertaining to youth and they come to a realization that they have to face the law as an adult now."

Television shows, news reports and other items are often brought into the discussions, according to Mrs. Gates.

"The students see the unfairness of the law and they want immediate change--but we then take a look back at our civics courses and see the length of time required to change a law

and they realize that there is more to adult living than just being able to get behind the wheel of a car and speed down the highway."

"With the discussion they realize that they must now face the consequences as a young adult," stated Mrs. Gates.

Course discussion also includes premarital sex and venereal disease and according to Mrs. Gates the discussion does not follow a "Thou shalt not" theme but rather gives the students the facts and they come to their own personal conclusions after the discussion.

"The boys seem more open in their class discussions as they know that what is said in the classroom stays there."

"The girls have already touched on the subject area we cover in the early sections of the course and they become more interested during the third six weeks when the girls' section comes down to the husband-wife relationship, establishing a home, learning to live together, and prenatal care."

Prenatal care is also discussed with the boys' section and Mrs. Gates has found that the boys usually have a more definite idea of how they want their children to be raised--while girls have a more overall view of child care.

"The whole idea of the course is to allow them to understand something of their future before they get there," said Mrs.

Gates.

The new homemaking course goes along with a new approach to the overall homemaking program of the schools in trying to make the course better fit the current needs of the student.

About 116 total students are involved in the home economics program at both Canyon Junior High School and Canyon High School, including the 27 students taking the home and family life course this semester.

Mrs. Gates, who teaches at the high school level, earned her bachelor's degree at Eastern New Mexico University with a major in home economics and minor in religion and science. She came to the Canyon schools in 1968 and her husband, Monroe, is a senior student at West Texas State University while the couple's son, Jim, is in the fourth grade.

Teaching at both high school and junior high levels in the home economics program is Sue (Mrs. Kenneth) McCarty. She taught last year in Houston schools and earned the B. A. degree at the University of Houston minoring in science. Her husband is an optometrist.

The school's general homemaking program begins in the ninth grade (at Canyon Junior High School) where two sections are offered and continues on into the high school level where students may complete three years of general homemaking.

realistic," said Mrs. Gates. "We don't think that every homemaker will be a master of all but would rather they be taught realistically for the future."

"My philosophy of homemaking," concluded Mrs. Gates "is that you should learn the joys of homemaking rather than the sorrows of perfection."

"Some can sew--some can not."

"Some can cook--some can not."

"But the main thing, is to do what you can," explained Mrs. Gates. "Some are better off to leave the children for an afternoon with the babysitter and go shopping for their clothes--instead of haggling with the sewing machine and being cross and ill tempered with the children. Sometimes the separation is good for both the parents and the child."

Regent Board Meets Friday

West Texas State University's new board of regents will have their first meeting at 2 p.m. Friday in the Student Senate Chambers on the university campus.

The nine-man board, temporarily chaired by Dallas businessman Cloyce Box, was appointed recently by Gov. Preston Smith.

The Friday meeting is primarily organizational with budget approval, enrollment report approval and consideration of a \$1,230,000 student tuition fee bond resolution included on the agenda.

Faculty Violin Recital Sunday

Donald Todd will be presented in a faculty violin recital Sunday at 3 p.m. in the Fine Arts Building auditorium at West Texas State University.

Accompanying will be Bill Evans at the piano. Evans is an assistant professor of music at WT also.

Included on the program will be music by Handel, Mozart, Saint-Saens and Beethoven. The recital is open to the public.

Dr. Todd is presently in his third year of teaching violin and viola at WTSU and is concertmaster of the Amarillo Symphony. He is an associate professor of music at the university.

He is conductor of the University Orchestra and will take the WTSU Orchestra on a two-day tour October 29-30. Tour performances will be given in Dodge City and Garden City, Kansas as well as in Borger and Amarillo.

Dr. Todd received his bachelor and master of music degrees at Northwestern University and his doctor of musical arts degree at the University of Illinois. While a student at

Northwestern, he received chamber music coaching from Charles Foidart, who was violinist in the Paganini String Quartet until his death.

He also studied violin with Robert Quick at Northwestern and was a student of Homer Schmitt and Paul Holland at the University of Illinois.

Dr. Todd has been a member of the Indianapolis Symphony, Kansas City Philharmonic and the Oklahoma City Symphony in addition to performing frequently as a soloist on radio, television and with symphony orchestras.

Librarians Meeting Is Conducted

Annual meeting of the District I Texas Librarians Association met at Cal Farley's Boys Ranch on Saturday with opening entertainment by the ranch choir.

"Standards for School Media Programs" was the subject for the morning session with the program presented as a panel by librarians from Lubbock, William Meadows of Lubbock High School was moderator. Discussion was on the grade, high school and college levels and also included viewpoints by a high school director representative from PESO Service Center, Amarillo.

The noon luncheon was served family style with three Boys Ranchers as host for each table.

Mrs. Alexandre Kline of Lubbock presented the afternoon program on the subject "in defense of fiction."

After the program short business sessions for various special interest groups were held after which the librarians were taken on a bus tour of the ranch.

Attending the events from Canyon were Mrs. Rose Kinzer, Mrs. Bessie Dyess, Miss Marva Sue Delk, Mr. and Mrs. A.B. Holt and Mrs. T.B. McCarter.

Conservation Gives Awards

Soil conservationist with the Palo Duro Soil and Water Conservation District, Don Dolle, has been presented a certificate and cash award for outstanding work with landowners and operators in Randall County in the planning and application of conservation practices.

John O'Connor, head of the service in Canyon, announced the presentation this week. He said the service personnel assist county landowners in proper conservation practices and procedures.

Harvesting Hampered By Rains

The already lighter-than-usual grain sorghum harvest has been hampered this week light rain this week totaling up to 1.70 inches by noon Wednesday.

Last week the harvest was slowed down because of dew which in some places caused cutting to be held up until around noon. Tuesday and Wednesday everything stayed wet all day.

Temperatures declined steadily this week from lows in the mid 50s Monday to a noon reading Wednesday of 42 degrees.

The U.S. Weather Bureau forecast continued cloudiness through today with 50 per cent probability of rain and high temperatures in the 60s. The forecast for Friday was for decreasing cloudiness and warmer temperatures.

Cox Purchases Polled Cattle

George N. Cox of Canyon has recently purchased nine registered polled Herefords from Double NN-S Polled Herefords of Lorraine, Texas.

Polled Herefords are naturally hornless and are the only major breed of livestock to originate in the United States. They began with eleven head in 1901 and some 3 million Polled Herefords have been registered in the U. S. since that time, one-third of the total in the past five years.

American Polled Herefords have been exported to all the beef producing countries of the world. Two recent shipments of Polled Herefords to Chile (3,000 by jet airplane in January 1969 and 3,500 head by sea to Chile in February 1968) are the largest exportations of American beef cattle in history.

Stratford Child Is Injured

A 3-year-old Stratford child, injured in a two-vehicle accident Wednesday afternoon about three miles north of Canyon, was reported to be in critical condition later in the afternoon at Northwest Texas Hospital in Amarillo.

Jimmy Haney was a passenger in a car driven by his mother, Mrs. Peggy Haney.

Jimmy Haney was riding with his mother Peggy Haney when the car which she was driving collided with a pickup truck driven by Carl Cole, who lives south of Amarillo.

Mrs. Haney was treated for minor injuries and released from Neblett Clinic in Canyon while her son was transferred to the Amarillo hospital.

Cole was not injured. Officers said the pickup was traveling along the access road and Mrs. Haney was leaving the Canyon Expressway when the collision occurred shortly after 1 p.m.

A spokesman at Northwest Texas Hospital said the Haney child suffered severe head injuries.

Delta Zeta Tea Is Held Here Sunday

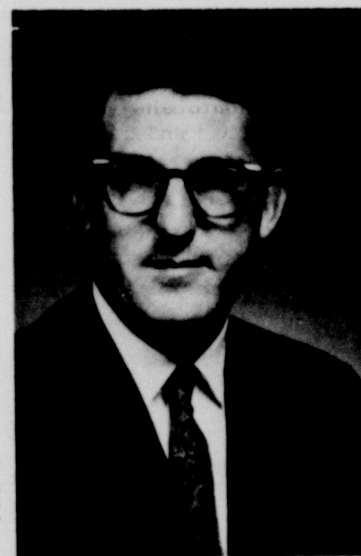

Founder's Day tea for Delta Zeta sorority was held Sunday in the sorority unit at Shirley Hall on the campus of West Texas State University.

Attended by about 75 alumnae and active members from Lubbock, Plainview, Hereford, Happy, Amarillo and Canyon, the tea was preceded with a traditional candle lighting service in Joseph A. Hill Chapel on campus.

Mrs. Larry Cook was chairman for the tea planning and Linda Jo Allison was program chairman. Others on the committee were Lynn McLarty, Beth Sheffy and Carol Green.

Miss Allison was toastmistress in charge of the program. Others participating were Beth Sheffy, Patricia Faubion, and Mary Ann Stockstill of the collegiate chapter, Don Lusk, Mrs. J.O. Parker and Mrs. Larry Cook of the alumnae chapter.

A centerpiece of pink roses and white candles graced the tea table which featured silver appointments. Mrs. S.S. Stephens of Amarillo served at the table.
